

Vote Fleur Ruddick for Student Trustee

About me:

I am a first year student from Dorset, studying Sport and Exercise Science. Some say I am constantly on the go...I would like to say heavily involved! I am very enthusiastic and passionately consider the welfare and opportunities of all students. I am very instinctive and vigilant when it comes to communal matters and am able to note when an issue needs to be dealt with, where others may not see the significance.

From the start of university, my involvement and maturity has already been credited. I am currently a course rep, student guider, STEM ambassador and Vice President of my halls. I am thankful to be involved in these positions, however, I crave more direct involvement with the decision making into the activities of the Student Union that are set out to benefit all of our community. ...but is this actually the case?

What I will do.

The decisions that I will make, based on money and effort expenses by the Student Unions will be fair and relevant to current issues. I aim to fulfil this position to a great extent; ensuring strategies, organisations and annual budgets that the Student Union produces, are appropriate and advantageous to all target groups within the university.

As a course rep I currently deal with student concerns and am becoming more familiar with what does and does not benefit. This experience will enable me to confidently conclude matters during meetings, where I will not allow activity to take place where no benefit is adamant. Furthermore I feel my understanding for student interests will allow me to represent the mass majority. I will strive to achieve this.

I consider this role extremely important. We are not just paying for quality of education, but for all the other aspects of university life. My aim is to enable all students to make opportunities of what there is on offer here at Brookes.
